

Stay Safe Online – Prevention Checklist

General Safety Tips

- Never share OTPs, passwords, or banking details with anyone.
- Do not click on suspicious links received via SMS, email, or social media.
- Always verify the identity of unknown callers before taking action.
- Avoid installing apps from untrusted sources or links.
- Use strong, unique passwords for all accounts and enable two-factor authentication.
- Be cautious while using public Wi-Fi for sensitive transactions.

UPI / Financial Safety Tips

- Never approve “collect requests” unless you are sure you are receiving money.
- Do not scan QR codes to receive money — QR codes are used to make payments, not receive them.
- Double-check the recipient’s name before sending money via UPI.
- Avoid sharing your screen during financial transactions.

Reporting Cybercrime

- Report incidents immediately at: <https://cybercrime.gov.in>
- Call the Cyber Crime Helpline: **1930** for urgent financial fraud cases.
